

12 1/2" X 96" OUTSIDE BACK WALL

The diagram shows a vertical assembly of four rectangular panels. The top two panels are labeled '12 1/2" X 96" OUTSIDE BACK WALL'. The bottom two panels are labeled '11" X 84" INSODE BACK WALL'. A hatched rectangular area is located on the right side of the bottom two panels. On the left side, a small triangle is formed by the top-left corner of the second panel and the top-left corner of the first panel. Dimension lines indicate a 4" horizontal distance from the left edge to the vertical line of the triangle's hypotenuse, and a 3" vertical distance from the top edge to the horizontal line of the triangle's hypotenuse.
